

# Quick Demonstration of Straight to the Point™ Technique

## QW-12 Stars for Audrey

No Setting Triangles  
No Diagonal Rows of  
Different Sizes

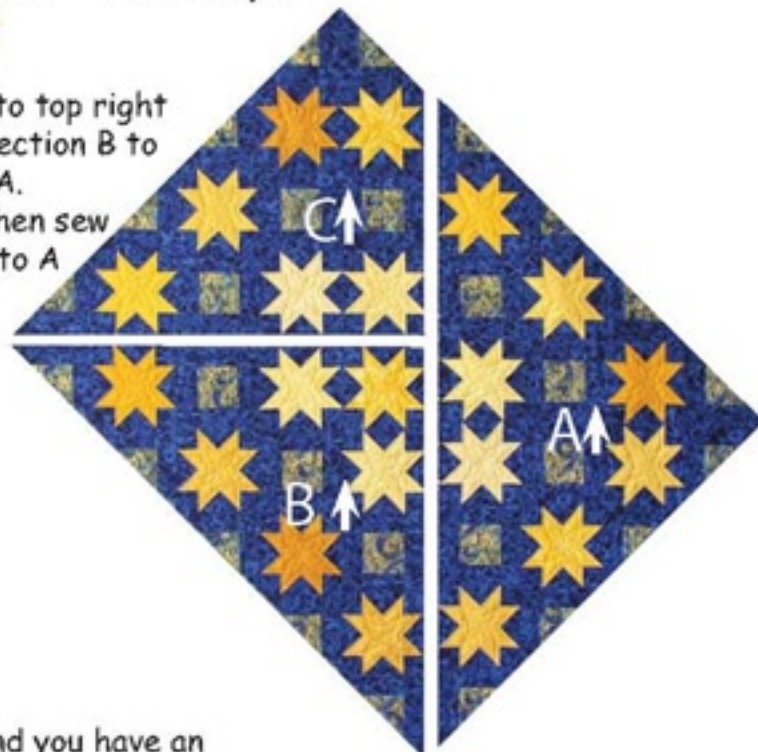

1. Start by sewing blocks into a straight set.

2. Cut into sections.

3. Move C Section to top right of A and Move Section B to bottom right of A. Sew C to B and then sew combination C/B to A.

4. Rotate top, and you have an on-point setting.

**Easy!**

5. Add straight borders and you have a complex border with no extra work. Susan
